

FLUOTEC®

...WE *LIGHT!*

About Us

FLUOTEC® is a leading manufacturer of LED & professional lighting fixtures for television studios, motion pictures, video & photography. **FLUOTEC®** Studio Lights, Soft Lights, & Location Lights includes Spot Lights FRESNELS & **StudioLED PANELS®** that deliver powerful and beautiful light that bring tri-dimensional atmospheres to the scenes and images, either in photography, in television, or in motion picture productions.

FLUOTEC® has been present in the international markets for 20 years, and has considerable experience in lighting technology.

FLUOTEC® presents to the television lighting markets, new, powerful, high quality, innovative and efficient lighting FRESNELS.

FRESNELS from **FLUOTEC®** have no color shift between the center and the edge of the beam, the **NEBULA®** technology, unique to **FLUOTEC® StudioLED PANELS®**, emits powerful, high quality, full spectrum white light beams. This produces even light, well-defined shadows, desirable skin tones and accurate and vibrant stage and costumes color rendition.

Special Projects

*At **FLUOTEC**® we are open to special projects. That is, if any of our line products do not meet the specific needs of a customer, there is always the possibility of developing a new product.*

Strategic Alliances

*In **FLUOTEC**® besides working our own developments, we have also established strategic alliances that not only allow us to reach more places in the world but also generate new products that meet the needs of some markets and specific users.*

Awards & Nominations

The commitment and energy of those who work at **FLUOTEC®** can be summed up in obtaining the following prizes and nominations:

WINNER National Association of Broadcasters

Editor's Pick the Show.
For advancement in
The Art and Science of
Television Broadcast.

Product developed in conjunction with
Lowel Light Manufacturing Inc.

2000

FINALIST National Association of Broadcasters

Best of Show.
Digital Video Professionals
Association

2001

2004

WINNER Studio Daily Prime Awards

Winner.
Production.

2011

2015

WINNER National Association of Broadcasters

Editor's Pick the Show.
For achievement in the
advance of The Art
and Science of Television
Broadcast.

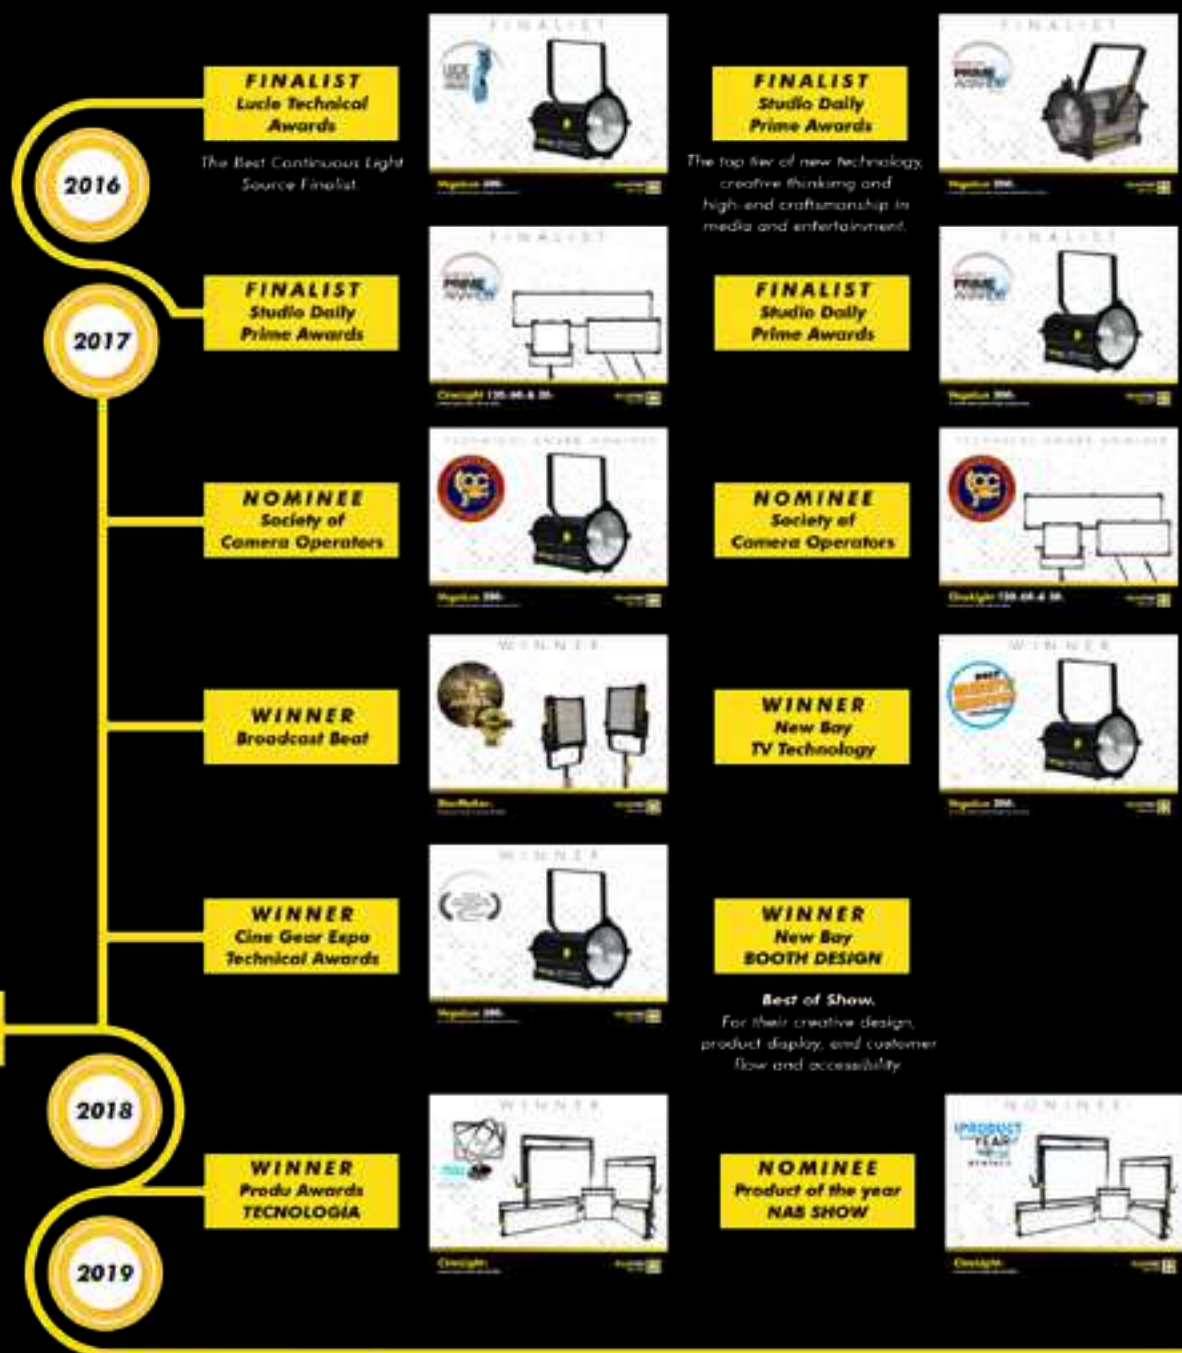

Product developed in conjunction with
Lowel Light Manufacturing Inc.

WINNER National Association of Broadcasters

Best of NAB 2011.
Best Lighting Gear Award.

NAB
Best of Show
Digital Video

Luminaires and lighting fixtures for television studios, movie theaters and forums, newsrooms, video production studios, churches and places of worship and government facilities.

Tunable Fixed Diffusion SoftLIGHT LED PANEL

- **Tunable**
- **2700K - 6600K**
- **213W**
- **1.79 A @120 VAC**
- **21.5 lb**
- **Constant Output Pure White Light**
- **Digital Dimmer 0%-100%**
- **Stepless CCT & Dimming Technology**
- **Code with Yoke: G6LCNT100**
- **Code with Stand Mounting Bracket: G6LCNT110**

CineLight **Production 120®**

Tunable Fixed Diffusion SoftLIGHT LED PANEL

Photometric Data:

Dispersion Angle X: 70°

1,500 lx (139 fc) @ 6 ft

669 lx (62 fc) @ 9 ft

375 lx (35 fc) @ 12 ft

CineLight Production 120®

Tunable Fixed Diffusion SoftLIGHT LED PANEL with Yoke

Includes:

- **Flightcase with handle and wheels (Dims.: 141.3 x 40.3 x 29.5 cm)**
- **Barndoor**
- **Gel frame**
- **50° Egg crate degree light control grid**
- **C-Clamp**
- **Safety cable**
- **16 ft long Powercon AC cable without switch**
- **Stand mounting spigot 5/8"**
- **G6CNT119**
